# Safe Harbor Statement

Statements in this presentation that are not historical facts may be deemed to be "forward-looking statements." Actual and anticipated future results may vary materially due to certain risks and uncertainties, including, without limitation, possible adverse effects resulting from financial market disruption and fluctuations in foreign currency rates, and general slowdown of the U.S. economy such as our current and potential customers' delaying or reducing technology purchases or put downward pressure on prices, increasing credit risk associated with our customers and vendors, reduction of vendor incentive programs, the possibility of additional goodwill impairment charges, and restrictions on our access to capital necessary to fund our operations; significant adverse changes in, reductions in, or losses of relationships with major customers or vendors; our ability to implement comprehensive plans to archive customer account coverage, cost containment, asset rationalization, systems integration and other key strategies; our ability to secure our electronic and other confidential information or that of our customers or partners; changes to our senior management team; the demand for and acceptance of, our products and services; our ability to adapt our services to meet changes in market developments; our ability to adapt to changes in the IT industry and/or rapid change in product standards; our ability to hire and retain sufficient personnel; our ability to realize our investment in leased equipment; our ability to protect our intellectual property; our ability to consummate and integrate acquisitions; the creditworthiness of our customers; our ability to raise capital and obtain non-recourse financing for our transactions; our ability to reserve adequately for credit losses; the impact of competition in our markets; the possibility of defects in our products or catalog content data; and other risks or uncertainties detailed in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2016 and other periodic filings with the Securities and Exchange Commission and available at the SEC's website at <http://www.sec.gov>.

We wish to caution you that these factors could affect our financial performance and could cause actual results for future periods to differ materially from any opinions or statements expressed with respect to future periods in any current statements. All information set forth in this presentation is current as of the date of this presentation and ePlus undertakes no duty or obligation to update this information.
