Zoom Workplace

To embrace rapid AI innovations and the changing needs of employees, businesses need to reimagine how their teams communicate and collaborate, both internally and externally. Zoom Workplace is designed for this next phase of work with an AI-first, open work platform that's easy-to-use, reliable, and trustworthy.

Get more done by accelerating collaboration effortlessly on a single app, do your best work through AI-first productivity tools that help you ideate, create, and deliver effectively, and strengthen relationships by fostering connection and engagement across your entire workforce, all with Zoom Workplace. With AI Companion seamlessly throughout, at no additional cost, you can put agentic AI to work for you so you can focus on what really matters and make more time for work that energizes you.

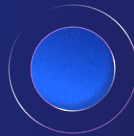

As an open platform, Zoom Workplace enables best-in-class collaboration and offers customers choice with integrations from third-party solutions like Microsoft, Google, and others. Get more done, do your best work, and strengthen relationships, all with Zoom Workplace.

Benefits

Low TCO for business value

Consolidate tools, reduce costs, and deliver a modern work experience with a platform that scales, adapts, and drives long-term value.

Flexibility built-in

Let people work however and wherever they want by seamlessly integrating with existing tools to support diverse workflows and the freedom to build custom solutions with enterprise-ready APIs and SDKs.

Stay ahead

Continuous innovation to solve real-world problems that help teams adapt, stay productive, and remain competitive as business needs evolve.

Effortless

Connect and collaborate effortlessly, whether you're in the office, on the road, or at home. Be it a meeting with an important customer or a large scale project, Zoom is quick and painless, so you and the team can get to work and focus on outcomes.

High quality

Do your best work with quality audio and video, accurate AI outputs from transcriptions to summaries to content creation, and features built with precision and care. The most critical work happens on Zoom.

Trustworthy

Feel confident and work freely knowing your data and privacy are protected every step of the way with enterprise-grade security, strong reliability, rigorous compliance with global data standards, and even optional end-to-end encryption. It just works!

The power of an AI-first, open collaboration platform

Work happy with AI Companion

- ✔ **Jumpstart content creation**
Get a headstart composing your next doc, email or chat or creating a whiteboard
- ✔ **Make faster, informed decisions**
Stay armed with information you need when you need it
- ✔ **Get caught up fast**
Summaries and queries to get critical information instantly
- ✔ **Work across global teams**
Translate content in 36 different languages
- ✔ **Prioritize what's most important**
Focus on the most impactful items with voicemail prioritization and tasks

Zoom AI Companion

Included at no additional cost with the paid services in Zoom user accounts.

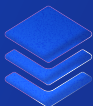

High quality

Zoom's unique federated approach provides flexibility to choose & deploy the right AI models to deliver high-quality results.

Easy to use

Zoom AI Companion capabilities are embedded within the intuitive, simple, easy-to-use Zoom experience that you know and love to drive usage and adoption.

Platform-wide

Zoom AI Companion capabilities are available across the Zoom platform (Meetings, Team Chat, Phone, Mail, Whiteboard, Notes) and compatible third-party apps.

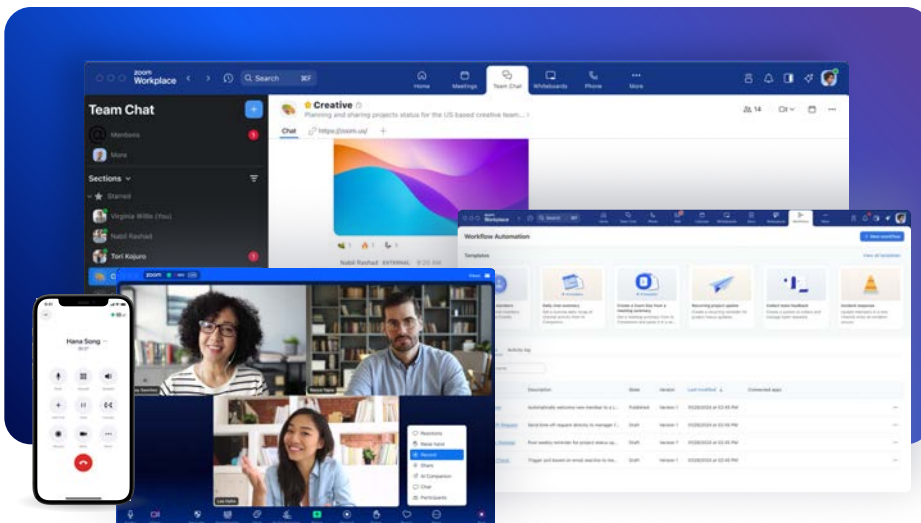

Trusted

Zoom does not use customer data to train Zoom's or its third-party AI models. Zoom provides admin controls for managing features and users with visibility when AI Companion is active in meetings.

GET MORE DONE

Accelerate collaboration effortlessly on a single app

- ✔ **Reduce communications silos**
Communicate and share information fluidly across channels with communications that work seamlessly together
- ✔ **Keep projects moving forward**
Easily access information and assets shared across the Workplace platform and use AI Companion to keep teams informed
- ✔ **Automate repetitive tasks**
Take routine items off your plate with agentic AI that completes these tasks on your behalf allowing you to focus on more impactful work
- ✔ **Empower distributed and global workforces**
Work across the globe with multi-language capabilities and communication solutions that bridge the gap of distributed teams
- ✔ **Schedule meetings effortlessly**
Use AI Companion's agentic capabilities to book your meetings, finding the best time for all invitees and generating a suggested agenda for you.
- ✔ **Connect easily with external contacts**
Easily manage external communications with simple external contact support and trustworthy solutions that make you look and sound your best

Amplify culture and boost employee engagement

Workvivo by Zoom is your center of gravity for employee engagement. It brings communications, engagement, intranet, and measurement into one intuitive platform – helping you build a connected culture where every employee feels informed, included, and connected - desked and frontline!

✓ Reach everyone, everywhere

Deliver critical updates with multi-channel targeting across regions, roles, and devices.

✓ Amplify your culture

Bring your values to life with social feeds, shoutouts, podcasts, video updates, and more – all in one platform

✓ Give employees a voice

Listen and act with surveys, pulse checks, sentiment analysis, and feedback tools that turn insights into impact.

✓ Connect seamlessly with Zoom

Extend your Zoom Workplace experience with integrations to Workvivo – powering connection and engagement while staying secure and scalable.

Zoom Workplace employee engagement solutions

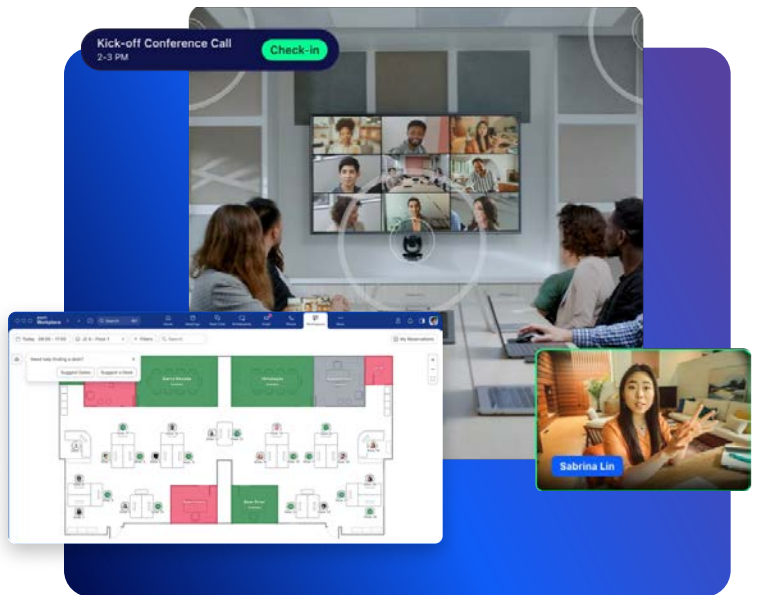

Connect your entire workforce with a community-led internal communications platform. Workvivo is an all-in-one employee app that combines internal communication, engagement, recognition, intranet, and measurement to increase engagement and cultivate a sense of belonging.

STRENGTHEN RELATIONSHIPS

Foster connection and engagement across the entire workforce

- ✔ **Collaborate with hybrid teams**
Easily collaborate across locations with digital, AI-first collaboration solutions
- ✔ **Maximize your office space**
Make office spaces more flexible and collaborative with workspace solutions
- ✔ **Host professional customer and partner meetings**
Register visitors and provide polished experiences with easy-to-use management and conference rooms solutions
- ✔ **Easily navigate your office**
Quickly reserve and find your desk and see who else is in the office
- ✔ **Keep employees informed**
Get your message out wide with engaging content
- ✔ **Easily find resources and information**
Create repositories for teams and projects so you don't have to go hunting across systems for information
- ✔ **Foster company culture**
Share company news across your office and host town halls and events in open office spaces
- ✔ **Create a sense of belonging**
Recognize employees and create community spaces for common interests
- ✔ **Increase employee engagement and retention**
Gain insights from your employees to understand areas for improvement and bridge the gap between leadership and the rest of the company
