2020 Annual Meeting at a Glance

Our Board of Directors

PROPOSAL 1 – ELECTION OF DIRECTORS

ePlus’ Board of Directors (the “Board of Directors” or “Board”) was reduced to eight members following the September 2019 retirement of three of its directors, Phillip G. Norton, Lawrence S. Herman, and Terrence O’Donnell. The Board is currently composed of six directors who are “independent,” and two directors who are not “independent,” within the meaning of NASDAQ’s listing standards. The two current directors who are not “independent” within NASDAQ’s listing standards are:

- Our Chief Executive Officer and President (“CEO”), Mark Marron, and
- Our founder, Bruce Bowen, who retired from the Company effective May 1, 2018, and continues to serve on our Board of Directors.

In September 2019, our Lead Independent Director, C. Thomas Faulders, was appointed Chairman of the Board, and he continued to provide leadership to the Company and its Board in fiscal year 2020.

The Board’s Nominating and Corporate Governance Committee has recommended to the Board, and the Board has nominated, each of our sitting directors for election at our 2020 Annual Meeting, having found they each possess the requisite knowledge, skills, and abilities to oversee the Company’s long-term business objectives.
More information about our Board, including their biographies, is available in Proposal 1 – Election of Directors below.

**THE BOARD RECOMMENDS A VOTE FOR EACH OF THE DIRECTOR NOMINEES**

**Our Executive Officers’ Compensation**

**PROPOSAL 2 – ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICERS’ COMPENSATION**

Our executive compensation philosophy is to reward performance in alignment with our shareholders’ long-term interests, and to promote and maintain stability within the executive team by issuing restricted stock with multi-year vesting terms.

For the fiscal year ended March 31, 2020, our named executive officers were CEO and President, Mark P. Marron; Chief Financial Officer (“CFO”), Elaine D. Marion; and Chief Operating Officer (“COO”), Darren S. Raiguel. Each received a base salary, short- and long-term cash incentive compensation, and long-term equity-based incentive compensation. For detailed information about our executive compensation practices, see our Compensation Discussion and Analysis.

Last year, our shareholders approved the Company’s say-on-pay proposal with approximately 91% of the votes cast in its favor. The Compensation Committee considered this approval in determining that our executive compensation philosophies and objectives continue to be appropriate, and did not require changes in response to the 2019 say-on-pay vote.

**THE BOARD RECOMMENDS A VOTE FOR APPROVAL OF EXECUTIVE COMPENSATION**

**Our Independent Registered Public Accounting Firm**

**PROPOSAL 3 – RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board’s Audit Committee has selected Deloitte & Touche LLP (“Deloitte”) as the Company’s independent registered accounting firm for the fiscal year ending March 31, 2021. Deloitte has served as the Company’s independent registered public accounting firm since 1990, and the Board recommends that shareholders vote to ratify the appointment of Deloitte as the Company’s independent registered public accounting firm. For more information about Deloitte, see Proposal 3 – Ratification of the Selection of Deloitte & Touche LLP as our Independent Registered Public Accounting Firm for our Fiscal Year Ending March 31, 2021.

**THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE.**
VOTING INFORMATION

We are using the “Notice and Access” method of furnishing proxy materials to you over the Internet. The Securities and Exchange Commission’s (“SEC”) Notice and Access rules permit us to furnish our shareholders with proxy materials, including this proxy statement and our Annual Report on Form 10-K for fiscal year 2020, by providing access to such documents on the Internet instead of mailing printed copies. We believe that this process will provide you with convenient and efficient access to your proxy materials so you may vote your shares, while allowing us to reduce the environmental impact of our 2020 Annual Meeting and the costs of printing and distributing the proxy materials. On or about August 3, 2020, we mailed our shareholders a Notice of Internet Availability of Proxy Materials (the “Notice”) with instructions for accessing our proxy statement and Annual Report on Form 10-K. The Notice also identifies the items to be voted on at the 2020 Annual Meeting and provides instructions for voting and instructions for requesting a printed copy of the proxy materials. Most shareholders will not receive printed copies of the proxy materials unless they request them. If you would like to receive printed or electronic copies of our proxy materials, you should follow the instructions for requesting such materials in the Notice. Any request to receive proxy materials by mail will remain in effect until you revoke it.

You are eligible to vote at the 2020 Annual Meeting if you were a shareholder of record of ePlus inc. as of the close of business on July 22, 2020, the record date (“Record Date”) for our 2020 Annual Meeting.

CORPORATE GOVERNANCE

Our Board of Directors has adopted Corporate Governance Guidelines (the “Guidelines”) that provide a framework for effective corporate governance. The Guidelines outline our Board of Directors’ operating principles, and the composition and working processes of our Board and its committees. Our Nominating and Corporate Governance Committee periodically reviews our Guidelines and developments in corporate governance, and, if appropriate, recommends proposed changes for Board approval.

Independence of Our Board of Directors

Under our Guidelines and NASDAQ’s listing standards, a majority of our Board members must be “independent.” The Board of Directors annually determines whether each of our directors is independent. In determining independence, the Board follows the independence criteria set forth in NASDAQ’s listing standards, and considers all relevant facts and circumstances.

Pursuant to NASDAQ’s independence criteria, a director is not “independent” if she or he has one or more of the relationships specifically enumerated in NASDAQ’s listing standards. In addition, the Board must affirmatively determine that a director does not have a relationship that, in the Board’s opinion, would interfere with that director’s exercise of independent judgment in carrying out the responsibilities of a director. The Board has affirmatively determined that Messrs. Callies, Hunt, Faulders, Hovde, Xiang, and Ms. Morrison, are “independent” under the applicable NASDAQ listing standards. The Board also affirmatively determined that Messrs. Herman and O’Donnell, who served as directors until September 18, 2019, were, at the time they served as directors, “independent” under the applicable NASDAQ listing standards.

Leadership Structure of Our Board of Directors

The Board regularly reviews the effectiveness of the Company’s structure, and on at least an annual basis examines what form of structure is in the best interest of our shareholders. Currently, C. Thomas Faulders serves as our Chairman. The Board has determined that a structure with a separation of the Chairman and CEO roles will enable the Board to best carry out its roles and responsibilities on behalf of ePlus’ shareholders. Additionally, the Board believes that this will further support the CEO’s focusing on operating and managing ePlus, while leveraging the Chairman’s experience and perspective.

The Board also regularly reviews its committee structure. All of the Board’s standing committees – Audit, Compensation, and Nominating and Corporate Governance – are comprised entirely of independent directors, which further complements the Board’s oversight role.

Board Committees

Our Board has three standing committees: (1) Audit, (2) Compensation, and (3) Nominating and Corporate Governance. Board and Committee Meetings

Our directors are expected to attend meetings of the Board and applicable committees. During our fiscal year ended March 31, 2020, the Board held seven meetings. Each of our directors attended all meetings of the Board and the committees on which she or he served. Although we do not have a formal policy requiring directors to attend our Annual Meetings, we encourage their attendance. All of our directors attended our September 2019 Annual Meeting of Shareholders.

Board of Directors’ Role in Risk Oversight

The Board oversees the Company’s enterprise risk management process. Management reviews the process with the Board on a periodic basis, including identifying key risks and steps taken to monitor or mitigate those risks. In addition, the Board’s standing committees—Audit, Compensation, and Nominating and Corporate Governance—assist the Board in discharging its oversight duties as described below. Accordingly, while each of the committees contributes to the risk management oversight function by assisting the Board in the manner outlined below, the Board itself remains responsible for overseeing the Company’s risk management program.

The Audit Committee discusses with management and/or the independent auditor, as appropriate, risks related to the Committee’s roles and responsibilities as described in its charter.

The Compensation Committee reviews risks related to the subject matters enumerated in its charter, including the Company’s compensation programs and plans, and incentive compensation and equity plans.

The Nominating and Corporate Governance Committee considers risks related to the subject matters for which it is responsible, primarily corporate governance matters and related party transactions.
**Code of Conduct**

We are committed to behaving ethically. Our Code of Conduct, which applies to all our directors and employees, is available on our website at [http://www.eplus.com/investors/corporate-governance-legal/code-of-conduct](http://www.eplus.com/investors/corporate-governance-legal/code-of-conduct). If we make any substantive amendments to the Code of Conduct, or grant any waiver from a provision to our executive officers, we will disclose the nature of such amendment or waiver on our website, or in a Current Report on Form 8-K. We also have a Business Partner Code, which clarifies our expectations in the areas of business integrity, labor practices, health and safety, and environmental management. The Business Partner Code complements our Code of Conduct, and is available on our website at [http://www.eplus.com/investors/corporate-governance-legal/business-partner-code-of-conduct](http://www.eplus.com/investors/corporate-governance-legal/business-partner-code-of-conduct). We expect our suppliers, vendors, contractors and subcontractors, agents, and other providers of goods and services for ePlus-affiliated entities worldwide to follow our Business Partner Code.

**Hedging, Short Sales, and Pledging Policies**

Our Insider Trading Policy applies to our directors and employees, as well as family trusts or similar entities controlled by or benefitting individuals subject to the Insider Trading Policy. The policy prohibits directors, officers, and employees who are Insiders (as defined in the policy), from hedging transactions involving Company securities, and it also prohibits transactions that establish downside price protection, including short sales, and buying or selling put options, call options, or other derivatives of Company securities. The policy prohibits Insiders from holding securities in a margin account or pledges as collateral, except in certain circumstances with pre-approval from our General Counsel.

**Communications with the Board of Directors**

Shareholders who desire to communicate with the Board or its committees may do so by writing to them at the Company's headquarters at ePlus, 13595 Dulles Technology Drive, Herndon, Virginia 20171. Correspondence may be addressed to the collective Board, or to any of its individual members or committees. Any such communication is promptly distributed to the director(s) named therein unless such communication is considered, either presumptively or in the reasoned judgment of the Company's Corporate Secretary, to be improper for submission to the intended recipient(s). Examples of communications that would presumptively be deemed improper for submission include, without limitation, solicitations, communications that do not relate to the Company, and unsolicited advertising, spam, or junk mail.

**Compensation Committee Interlocks and Insider Participation**

The Compensation Committee is comprised of five independent directors. No member of the Compensation Committee is a current or former officer or employee of the Company, or any of its subsidiaries. During the fiscal year ended March 31, 2020, no member of the Compensation Committee had a relationship that required disclosure under the SEC rules as a related party transaction. Also, during the fiscal year none of our executive officers served on the board of directors or compensation committee of any entity that had one or more of its executive officers serving on our Board, or the Company’s Compensation Committee.

**Related Party Transactions**

Two sons of our former Chairman, Phillip G. Norton, who served as a director during fiscal year 2020, are employed by the Company’s subsidiary, ePlus Government, inc. The first son, who serves as its President, received $743 thousand in compensation during the fiscal year ended March 31, 2020. Approximately 30% percent of his cash compensation was base salary, and the remainder was a bonus based on performance factors such as lease origination and profitability. During the fiscal year ended March 31, 2020, he also received a grant of 1,109 shares of restricted stock, that will vest on the same schedule as his peers, annually in equal one-thirds beginning on the first anniversary of the grant. The second son serves as its Vice President of Vendor Programs, and received approximately $1,139 thousand in base salary and commissions during the fiscal year ended March 31, 2020. The commissions are paid in accordance with our commission plan and constitute more than 93% of his compensation total.
Mr. O’Donnell, who served as a director during fiscal year 2020, has a son-in-law serving as Senior Account Executive at ePlus Group, Inc. who received compensation of approximately $300 thousand in the fiscal year ended March 31, 2020. Less than 26% of his compensation was salary, and the remainder was commission earned in accordance with our commission plan.

Our Nominating and Corporate Governance Committee regularly reviews our written policy regarding the approval and/or ratification of related party transactions, which applies to any transaction or series of transactions in which the Company is a participant, the amount involved exceeds or is expected to exceed $120,000 in any year, and any related party has a direct or indirect interest, with certain exceptions enumerated in the policy. Generally, such exceptions include transactions that would not require disclosure under SEC Regulation S-K Item 404(a). For purposes of the policy, “related parties” consist of the Company’s directors, director nominees, executive officers, any shareholder beneficially owning more than 5% of the Company’s common stock, and immediate family members of a director, director nominee, or executive officer.

The Nominating and Corporate Governance Committee only approves related party transactions that, under all of the circumstances, are fair to the Company, and may impose such conditions as it deems appropriate regarding the transaction.

We also require that each executive officer and director complete an annual questionnaire and report all transactions with us in which they or their immediate family members had or will have a direct or indirect material interest, which are then reviewed by our General Counsel and experienced SEC counsel. We are not aware of any related party transactions requiring disclosure under Regulation S-K Item 404(a) since the beginning of fiscal year 2020 that have not been pre-approved or ratified pursuant to this policy.

**No Stockholder Rights Plan**

The Company does not maintain a stockholder rights plan (commonly referred to as a “poison pill”).

**PROPOSAL 1 – Election of Directors**

Adopting the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated eight of its current directors—Ms. Morrison, and Messrs. Bowen, Callies, Faulders, Hovde, Hunt, Marron and Xiang—to be elected to serve until the 2021 Annual Meeting of Shareholders, and until their successors are duly elected and qualified. Biographical information as of July 22, 2020, for each nominee is provided herein.

Unless otherwise instructed or authority to vote is withheld, all signed proxies will be voted to elect the Board’s nominees. Each of the nominees has agreed to be named in this proxy statement and serve if elected, and we know of no reason why any of the nominees would be unable to serve. If, however, any nominee is unable or declines to serve as a director, or if a vacancy occurs before the election (such events are not anticipated), the proxy holders will vote for the election of such other person or persons as the Board nominates.

**Director Nomination Process**

The Board of Directors is responsible for determining the appropriate number of Board members, nominating individuals for election to the Board, and filling vacancies on the Board that may occur between annual meetings of shareholders. The Nominating and Corporate Governance Committee is responsible for identifying and screening potential candidates, and recommending qualified candidates to the Board for nomination. Third-party search firms may be retained to identify individuals that meet the Nominating and Corporate Governance Committee’s criteria; however, during the fiscal year ended March 31, 2020, no third-party search firms were used. The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders in the same manner in which it evaluates candidates it identifies, if such recommendations are properly submitted to the Company. Shareholders wishing to recommend nominees for election to the Board should submit their recommendations in writing by mail to our Corporate Secretary, at ePlus, 13595 Dulles Technology Drive, Herndon, Virginia 20171.
**Director Qualifications**

In selecting director candidates, the Nominating and Corporate Governance Committee and the Board of Directors consider the individual candidates’ qualifications and skills, as well as the Board’s composition as a whole. **DIRECTOR COMPENSATION**

The below table sets forth the compensation for the members of the Board for the fiscal year ended March 31, 2020.

Mr. Marron did not receive any additional compensation for his service as a director during our fiscal year ended March 31, 2020. Mr. Marron’s compensation is reported under “Executive Compensation” herein.

The Board’s general policy is that compensation for the non-employee directors should be a mix of cash and equity-based compensation. For the fiscal year ended March 31, 2020, each non-employee director received an annual cash retainer of $82,500, reflecting four quarterly payments of $20,625, or, alternatively, at the director’s election, the same amount in non-forfeitable restricted stock in lieu of cash. Beginning with his appointment as Chairman, Mr. Faulders, also annually receives additional cash compensation of $50,000, which is paid quarterly in equal amounts of $12,500. In addition, each director received $76,818 in restricted stock, which vests in equal installments on the first- and second-year anniversaries of the grant. The restricted stock is rounded down to avoid a fractional share award.

Directors are also reimbursed for out-of-pocket expenses incurred to attend Board and committee meetings and the 2020 Annual Meeting.

(1) The above table reflects fees earned during the fiscal year 2020. Pursuant to our 2017 Non-Employee Director Long-Term Incentive Plan (“2017 Director LTIP”), directors may make a stock fee election, through which they receive shares of restricted stock in lieu of cash compensation. The stock fee elections are made on a calendar year basis, and the stock grant is made on the first business day after the end of each quarter of board services. The number of shares received is determined by dividing $20,625 (the cash compensation earned quarterly by directors) by the Fair Market Value of a share of common stock, as defined in the 2017 Director LTIP, and rounding down to avoid a fractional share.

Mr. Bowen received restricted stock instead of cash throughout the fiscal year. Mr. Hovde elected to receive stock beginning with the quarter ended March 31, 2020. Mr. O’Donnell received restricted stock instead of cash throughout the fiscal year until his September 2019 retirement. The amounts of stock granted for each quarter is shown below:

**Stock Ownership Guidelines**

The Board believes that, to more closely align the interests of our non-employee directors with the interests of the Company’s other shareholders, each non-employee director should maintain a minimum level of ownership in the Company’s common stock. Our Nominating and Corporate Governance Committee regularly reviews the stock ownership guidelines, and compliance therewith. Pursuant to the stock ownership guidelines, which are part of our Corporate Governance Guidelines, non-employee directors are expected to reach a multiple of three times their annual cash board retainer fee within four years of joining the Board. During the fiscal year ended March 31, 2020, all directors met this requirement or are within the four-year phase-in period for meeting the ownership guidelines.

**STOCK OWNERSHIP**

**Ownership of our Common Stock**

The following tables show information regarding the beneficial ownership of our common stock by:

- each member of our Board of Directors, each director nominee, and each of our named executive officers ("NEO");
- all members of our Board and our executive officers as a group; and
- each person or group who is known by us to own beneficially more than 5% of our common stock.

Beneficial ownership of shares is determined under the SEC’s rules and generally includes any shares over which a person exercises sole or shared voting or investment power. Shares of restricted stock that have not vested as of our Record Date are deemed outstanding and beneficially owned by the person and any group of which that person is a member because such holder has voting rights with respect to those shares. Except as footnoted below, and subject to community property laws where applicable, we believe based on the information provided to us that the persons and entities named in the following table have sole voting and investment power with respect to all shares of our common stock shown as beneficially owned by them.

The percentages of beneficial ownership were calculated on the basis of 13,553,424 shares of common stock outstanding which includes 180,451 unvested restricted shares, which have voting rights, as of our Record Date.

EXECUTIVE COMPENSATION

PROPOSAL 2 – Advisory Vote to Approve Named Executive Officer Compensation

Shareholders may cast an advisory vote to approve NEO compensation as disclosed in this proxy statement pursuant to Section 14A of the Exchange Act (commonly referred to as a “say-on-pay” vote). This vote is not intended to address any specific item of compensation, but rather our overall compensation policies and practices relating to our NEOs. Although the vote is non-binding, we value feedback from our shareholders on compensation and other important matters, and we expect to hold this vote on an annual basis for the foreseeable future. The Board of Directors and the Compensation Committee will consider the voting results when making future compensation decisions. At our 2019 Annual Meeting of Shareholders, approximately 91% of the votes cast by our shareholders approved the compensation in the 2019 proxy statement for our NEOs.

In deciding how to vote on this proposal, we encourage you to review the CD&A and 2020 Executive Compensation sections of this proxy statement for a detailed description of our executive compensation program. As described in the CD&A, the Compensation Committee has designed our compensation program with the objective of rewarding achievement of specific goals that align the interests of management with the interests of our shareholders.
We are asking our shareholders to indicate their support for our NEO’s compensation as described in this proxy statement by voting “FOR” the following resolution at our 2020 Annual Meeting:

“RESOLVED, that the shareholders of ePlus approve, on an advisory basis, the compensation paid to the named executive officers, as disclosed in the Company’s Proxy Statement for the 2020 Annual Meeting pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the CD&A, the Summary Compensation Table, and the other related compensation tables and narrative disclosure.”

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL ON AN ADVISORY BASIS OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE CD&A, THE SUMMARY COMPENSATION TABLE, AND OTHER RELATED DISCLOSURE AND TABLES IN THIS PROXY.

COMPENSATION COMMITTEE REPORT

The information contained in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation of this proxy statement by reference.

The Compensation Committee has reviewed the CD&A and discussed that Analysis with management. Based on its review and discussions with management, the committee recommended to our Board of Directors that the CD&A, as it appears below, be included in this proxy statement and incorporated by reference into the Company’s 2020 Annual Report.

**Our Executive Compensation Program**

The Company’s goal for its executive compensation (as well as its non-executive compensation) program is to attract, motivate, and retain a talented, entrepreneurial, ethical, and creative team of executives who will provide leadership for the Company’s success in dynamic and competitive markets. The Company seeks to accomplish this goal in a way that rewards performance, is aligned with its business strategy, and maximizes shareholders’ long-term interests. The Company’s executive compensation program is also intended to promote and maintain stability within the executive team by issuing restricted stock with multi-year vesting terms. The table below summarizes the components of our fiscal year 2020 executive compensation.

**Our Executive Compensation Practices**

Our Compensation Committee regularly reviews the Company’s executive compensation program to evaluate whether it is aligned with shareholder interests and supports the Company’s executive compensation philosophies and objectives. Our executive compensation practices include the following, each of which the Compensation Committee believes reinforces our executive compensation objectives:

- Significant percentage of cash compensation delivered in the form of variable compensation, which is “at-risk” and tied to quantifiable performance measures
- Long-term vesting of restricted stock, to align executive and shareholder interests (minimum of three-year vesting)
- Compensation Committee consists of independent directors only
- Annual review of our executive compensation programs
- Annual advisory vote to approve executive compensation programs (say-on-pay)
- Periodic market comparison of executive compensation against relevant peer group information
- Periodic use of an independent compensation consultant reporting directly to the Compensation Committee and providing no services to the Company
- Robust executive officer stock ownership guidelines require NEOs to hold ePlus stock
- Clawback policy mitigates undue risk regarding executive compensation practices
- Double-trigger equity acceleration for change-in-control

- No excessive executive perquisites
- No excessive severance benefits
- No supplemental executive retirement plans
- No acceleration of unvested stock upon retirement
- No hedging or short sales of our securities
- No pledging of our securities, except in limited circumstances with pre-approval
- No tax gross-ups on benefits (other than as also provided to non-executive officer employees)
- No resetting of financial targets once established for a performance period

**2019 Say-On-Pay Vote**

As part of its review of the Company’s executive compensation program, the Compensation Committee considers the results of the annual, non-binding advisory vote by the shareholders to approve named executive compensation. Approximately 91% of the votes cast for the Company’s say-on-pay proposal at our 2019 Annual Meeting of Shareholders were to approve the Committee’s decisions regarding executive compensation. The Compensation
Committee believes the results of the say-on-pay vote demonstrate shareholder support for the Company’s executive compensation program. Accordingly, the Compensation Committee believes that the Company’s executive compensation philosophies and objectives continue to be appropriate, and therefore made no material changes to the Company’s executive compensation program in response to the 2019 say-on-pay vote.

**Long-Term Cash Incentive Compensation**

Beginning with the 2020 fiscal year, the Compensation Committee revised the executive compensation program by adding a long-term cash component to further encourage executives to focus on the long-term value to shareholders. The long-term cash awards are made pursuant to our 2012 Employee Long-Term Incentive Plan, and are based on a 3-year financial metric. For more information on the long-term cash incentive compensation, see “Long-Term Incentive Program” below.

**WHAT WE PAY AND WHY**

**Fiscal Year 2020 Executive Compensation Decisions**

Consistent with our pay philosophy and executive compensation program objectives described below, in determining the fiscal year 2020 adjustments to executive compensation levels and the mix of compensation elements for each NEO, the Compensation Committee and our CEO (in making recommendations regarding the CFO’s and COO’s compensation) considered each NEO’s span of responsibility, prior performance and experience, Company performance, the competitive market data to provide a perspective on external practices, and input from the Compensation Committee’s independent compensation consultant, Pearl Meyer (the “Consultant”), as more fully described below under “Guidance from the Compensation Committee’s Independent Compensation Consultant.”

**Base Salary**

Base salary represents annual fixed compensation and is a standard element of compensation necessary to attract and retain talent. It is the minimum payment for a satisfactory level of individual performance as long as the executive remains employed with the Company. Base salary is set by the Compensation Committee, and ratified by the Board, after taking into account the competitive landscape—the compensation practices of the companies in our selected peer group and survey data from a broader index of comparable companies—as well as our business strategy and short- and long-term performance goals, and individual factors, such as position, individual performance and contribution, length of service with the Company, experience in the position, and placement within the general base salary range offered to our NEOs.

The base salary for each of our NEOs as of March 31, 2020, and 2019 is set forth below:

**Annual Cash Incentive Awards**

During the 2020 fiscal year, we provided our NEOs with short-term cash incentive compensation through our annual Cash Incentive Plan (“CIP”). This short-term, variable cash compensation represents a significant portion of each NEO’s target total cash compensation opportunity in a given year.

**Cash Incentive Plan Pay for Performance Alignment**

Our Compensation Committee annually reviews, and then sets, performance goals under a Cash Incentive Plan. The combination of performance goals the Compensation Committee chose for fiscal year 2020 emphasizes factors that the Compensation Committee believes are important to Company strategy and enhancing shareholder value.
In light of the tax changes discussed in “Deductibility of Executive Compensation” in “Tax and Accounting Considerations” below, the Compensation Committee adopted the 2018 Cash Incentive Plan (“2018 Cash Incentive Plan” or “2018 CIP”). During the 2020 fiscal year, performance goals and awards were made under our 2018 CIP.

The 2018 CIP includes a provision for an adjusted award if it is determined that an award was paid based on incorrect financial results, and permits the Compensation Committee to require, to the extent permitted by law, the participant to reimburse to the Company any amount received with respect to such an award. The 2018 CIP also provides that cash payments under the plan are subject to recovery by the Company to the extent required by Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank") and the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley"), and any regulations promulgated thereunder. The Compensation Committee administers the 2018 CIP, and has full authority to determine which of the Company’s executive officers will participate in the 2018 CIP; the terms and amounts of each participant’s minimum, target, and maximum awards; and the period during which the performance is to be measured.

Cash Incentive Awards for Fiscal Year 2020

For the fiscal year ended March 31, 2020, our NEOs’ cash bonuses were earned pursuant to the 2018 CIP, based on the following financial performance goals: consolidated net sales (20%), financing segment operating income (20%), earnings before tax (30%), and services revenue (30%).

The award opportunity in fiscal 2020 was based on a target amount, which was adjusted based on the level of attainment of financial performance as set forth in each participant’s award agreement, and payouts may range between 0% to 200% of target award amounts. All three of the participating executive officers had the same financial performance goals. The fiscal year 2020 financial performance weights and target amounts for each participant were as follows:

Results were adjusted to exclude any gain or loss attributable to the business operations of any entity acquired by the Company during the 2020 fiscal year. The 2018 CIP also permits the exclusion of all items of income, gain or loss determined by the Board to be extraordinary or unusual in nature and not incurred or realized in the ordinary course of business, and the incentive compensation expensed by ePlus for payments under the 2018 CIP.

Bonus payouts possible ranged between 0% and 200% of the target amount, depending on the level of achievement of the performance goals for the fiscal year 2020. The financial performance goals were as follows:

At the conclusion of the fiscal year ended March 31, 2020, the Compensation Committee determined which of the financial objectives described under the 2018 CIP and in the award agreements were achieved. There were no waivers or modifications to any specified performance targets, goals, or conditions with respect to the 2018 CIP. The achievement of the financial performance goals is set forth below.

**Long-Term Incentive Program**

Under our 2012 Employee Long-Term Incentive Plan (the “2012 Employee LTIP”), the Compensation Committee has the authority to award various forms of long-term incentive compensation grants, such as cash awards, stock options, restricted stock awards, and restricted stock units. The Compensation Committee’s objectives for the fiscal year 2020 long-term equity-based and cash incentive awards to our NEOs were to focus executives on long-term profitable growth and shareholder value creation and the Company’s long-term strategic plan, and retain the services of our executives through multi-year vesting requirements.

Mr. Marron makes recommendations to the Committee for equity grants to NEOs, including to himself. However, the Compensation Committee deliberates and reaches its own decision with regard to grants to all NEOs, including Mr. Marron’s. Mr. Marron does not participate in any deliberations regarding his own compensation. When determining the level of the grant, the Compensation Committee considers each NEO’s functional and enterprise management responsibilities, potential contributions to the Company’s profitability and growth, the value of prior long-term incentive grants and other non-cash and cash compensation, an analysis of how the Company performed on multiple financial metrics as compared to certain peers, information from our compensation consultant (if any), and each executive’s total compensation, including cash compensation. However, the Compensation Committee does not use a formula or assign a particular weight to any given factor in determining equity award grant levels. Rather, the Compensation Committee’s determination of grant levels is subjective, and the Compensation Committee grants awards that it believes in its judgment are reasonably competitive.
The Compensation Committee believes that restricted stock helps to create incentives for performance and further align the interests of executives with those of shareholders because the stock’s value increases or decreases in conjunction with the Company’s stock price. In addition, the Compensation Committee believes that granting awards with multi-year vesting periods creates a substantial retention incentive and encourages the NEOs to focus on the Company’s long-term business objectives and stock performance. Most restricted shares granted to executive officers and other employees vest over a three-year period. Grants made in June 2015 to Mr. Marron and Ms. Marion vest over a five-year period to further align their long-term interests with shareholders.

For fiscal year 2020, the Compensation Committee used a combination of long-term incentive vehicles, including time-based restricted stock and cash performance awards. These vehicles focus NEOs on driving long-term profitable growth and shareholder value creation.

**CEO Compensation**

Generally the Compensation Committee determines compensation for our CEO using the same criteria it uses for other executive officers.

**Other Elements of Our Fiscal Year 2020 Executive Compensation Program**

**Severance and Change in Control Provisions**

Severance and change in control provisions are designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where such protections are frequently offered. Severance benefits are designed to provide benefits to ease an executive’s transition following an employment termination by the Company due to changes in our employment needs. Additionally, severance agreements increase the enforceability of non-competition provisions to which all of our executives are contractually bound. Change in control benefits are intended to encourage executives to remain focused on the Company’s business in the event of rumored or actual fundamental corporate changes. Both severance and change in control benefits are often an
important part of an executive’s compensation package. See further details under the section entitled “Employment Agreements, Severance and Change in Control Provisions.”

**Clawback Policy**

Our executive compensation arrangements with our NEOs, including our CIP, employment agreements, and long-term cash performance awards, provide that bonuses or other compensation are subject to recovery by the Company to the extent required by Dodd-Frank and Sarbanes-Oxley, and any regulations promulgated thereunder. This provision does not apply to base salary, or to time-vested restricted stock which is not awarded, granted, or vested based on financial measures required to be reported under the securities laws.

**Stock Ownership Guidelines**

Our Board has adopted stock ownership guidelines for our executive officers to further align the interests of our executive officers with the interests of our shareholders. The guidelines are expressed as a multiple of the executives’ base salary as of each January 1st, or as of the date they are first identified as executive officers. Our executive officers are expected to retain stock ownership valued at a multiple of two times their annual base salary within five years of first being identified as an executive officer. Our CEO is expected to retain stock ownership valued at a multiple of five times his annual base salary within the same time frame. Executive officers are expected to retain one-half of all equity grants until such time as the target stock ownership is reached. The guidelines may be waived at the discretion of our Compensation Committee in the event of an extraordinary expense (such as, for example, housing or higher education needs), or if compliance would create a severe hardship or prevent an executive from complying with a court order, as in the case of a divorce or other property settlement. However, the Company expects such instances to be rare, and has not granted any waivers. At this time, all of our executive officers meet their respective guideline requirement.

**Hedging and Short Sales Policies**

Our Insider Trading Policy applies to all of our employees and directors. Under the policy, our directors, officers, and employees who are “Insiders” (as defined in the Policy) are absolutely prohibited from hedging, including using prepaid variable forward contracts, equity swaps, collars and exchange funds, and similar transactions that establish downside price protection, including short sales, and buying or selling put options, call options, or other derivatives of Company securities.

All trades of Company stock by directors, executive officers, and Insiders require pre-approval from our General Counsel, and must be made in accordance with the Insider Trading Policy.

**Tax and Accounting Considerations**

*Deductibility of Executive Compensation*

IRC Section 162(m), as amended, generally denies a publicly traded company a federal income tax deduction for compensation in excess of $1 million paid to certain of its named executive officers (“Covered NEOs”) unless, for tax years prior to January 1, 2018, such compensation met certain criteria, including being based solely upon the attainment of objective performance criteria. On December 22, 2017, the performance-based exception under Section 162(m) was repealed for fiscal years commencing on or after January 1, 2018, subject to certain transition relief. As a result, the deduction will not be available for any executive officer beginning with our fiscal year ended March 31, 2019.

The Compensation Committee will review and consider the deductibility of executive compensation, taking into account the changes to IRC Section 162(m), as applicable. The Company believes that tax deductibility of compensation is an important factor, but not the sole factor, to be considered in setting executive compensation policy, and in light of the changes to IRC Section 162(m), it is expected that the Compensation Committee will authorize payments that are not deductible for federal income tax purposes when it believes that such payments are appropriate to attract, retain, and incentivize executive talent.
Our executive employment agreements also provide that, if a severance payment is subject to the excise tax provided in IRC Section 280G, the executive will receive a lesser payment if he or she would receive a greater after-tax benefit, which will better enable the Company to obtain a tax deduction.

**Accounting Considerations**

Accounting considerations also play a role in the design of our executive compensation programs and policies. Codification Topic *Compensation—Stock Compensation* requires us to expense the cost of stock-based compensation awards. We consider the relative impact of the expense, in addition to other factors such as stockholder dilution, retentive impact, motivational impact, and the overall competitiveness of compensation packages when selecting long-term equity incentive instruments.

**Benefits and Perquisites**

Our NEOs participate in benefit plans generally available to all of our employees, including medical, health, life insurance, and disability plans. They also are eligible to participate in our 401(k) plan, and receive Company matching contributions, to the extent made by the Company, on the same terms as generally available to our employees. Pursuant to their employment agreements, they also are entitled to reimbursement for annual participation in an executive health assessment program.

Our executive officers are provided with relatively limited perquisites, which we believe is in the best interests of the Company. In some years, certain of our executive officers have received certain company-paid travel, meals, and entertainment costs for their families to attend the Company’s sales meeting. All attendees at the sales meeting are likewise eligible to have their families attend the meeting with the Company’s paying the same costs.

**HOW WE MAKE EXECUTIVE COMPENSATION DECISIONS**

**Role of the Board and Compensation Committee, and our Executive Officers**

**Role of the Board and Compensation Committee**

The Compensation Committee, which is composed entirely of independent directors, generally establishes the components of our compensation program and may evaluate the components from time to time. The Compensation Committee is responsible for evaluating and setting the compensation for our CEO, CFO, and COO. The Compensation Committee reviews the executive compensation program on an annual basis, with awards and adjustments generally being made in June. Compensation decisions may be made at other times of the year in the case of promotions, new hires, or changes in responsibilities. In making these determinations, the Compensation Committee may consider such factors as the Company’s performance, the individual performance of an executive officer, information from our compensation consultant (if any), and recommendations from management. In some cases, our Board of Directors ratifies the Compensation Committee’s decisions. The Compensation Committee also considers any recommendations from the Board relating to the CEO’s performance.

**Role of the Chief Executive Officer**

Our CEO, Mr. Marron, was responsible for the implementation and administration of our executive compensation program during the fiscal year. Mr. Marron recommended the overall structure for our executive compensation program, including base salary, metrics for the 2018 CIP award agreements for fiscal 2020, and the amount and vesting schedule of equity awards to be granted. The final decisions regarding executive compensation were, however, made by the Compensation Committee. Additionally, the CEO is not present during any deliberations or voting with regard to his own compensation.

**Guidance from the Compensation Committee’s Independent Compensation Consultant**

An independent compensation Consultant periodically provides executive compensation consulting services to the Compensation Committee. The Compensation Committee reviewed the independence of the Consultant under NASDAQ and SEC rules, and concluded that the work of the Consultant has not raised any conflict of interest. The Consultant is engaged directly by the Compensation Committee.
In the spring of 2019, the Consultant provided services relating to a review, including a competitive market study, of our CEO’s, CFO’s, and COO’s compensation arrangement, including base salary, annual incentives, total cash compensation, long-term incentives, and total direct compensation. The Compensation Committee referred to this report in April 2019 when assessing compensation for Messrs. Marron and Raiguel, and Ms. Marion.

The Consultant performed a competitive market analysis of the pay levels described above. While the Consultant provided general observations on the Company’s compensation programs, it did not determine or recommend the amount or form of compensation for Messrs. Marron and Raiguel, or Ms. Marion.

The Compensation Committee approves the compensation for the NEOs based on its own evaluation, input from our CEO (for all executive officers except himself), internal pay equity considerations, the tenure, role, and performance of each NEO, as well as input from the Compensation Consultant and market data.

**Comparison Peer Groups**

The Compensation Committee periodically reviews the compensation practices of peer companies as part of its decision-making process so it can set total compensation levels that it believes are reasonably competitive. In April 2019, the Compensation Committee reviewed multiple market data sets in analyzing competitive and appropriate compensation packages. One data set included the seven of the companies that the Committee had previously identified. In determining our peer group, we considered our revenue; net earnings; earnings before interest, taxes, depreciation and amortization ("**EBITDA**"); market capitalization; number of employees; ISS-selected peers; Industry GICS Code; and companies with whom we compete for customers. While we also view a number of other companies as potential peers, because they are privately held and no compensation data was available for those entities, they were not included in our peer group.

Two companies from the prior year, Black Box Corp. and Ciber, Inc., had been acquired and therefore no current data was available.

In addition to the peer group companies, the Compensation Committee, in consultation with the Consultant, considered the following market data sets:

The companies fell into four categories: Data Processing and Outsourced Services, IT Consulting and Other Services, Technology Distributor, and Internet Services and Infrastructure. They had a median revenue of $1.5 billion, compared to ePlus’ $1.4 billion, and a median market capitalization of $1.9 billion compared to ePlus’ $1.2 billion.
Six additional market data cuts were then developed based on those 80 companies:

This broad range of data was considered by the Compensation Committee to ascertain whether the compensation for our executive officers is appropriately positioned above or below the median to properly reflect various factors, such as our companies’ performance, the unique characteristics of each executive’s position, and applicable retention considerations. The Compensation Committee does not set compensation components to meet specific benchmarks, such as targeting salaries “above the median” or equity compensation at a particular percentile.

**Alignment of Senior Management Team to Drive Performance**

Our performance goals are designed to drive shareholder value creation by aligning members of senior management with our strategy and common performance goals. To match performance to our goals, the Company engages in extensive communications on what members of senior management, together with their teams, should strive toward to impact achievement of the Company’s goals. We believe this understanding of the link between individual, team, and Company performance helps the Company to focus on actions that have the greatest potential to drive the Company toward more profitable growth and shareholder value.

(1) The values in this column represent the aggregate grant date fair values of restricted stock awards granted in the respective fiscal year, computed in accordance with Codification Topic Compensation—Stock Compensation. Assumptions used in calculating these values may be found in Note 13 of our financial statements in our 2020 Form 10-K. Each of these amounts reflect our expected aggregate accounting expense for these awards as of the grant date and do not necessarily correspond to the actual values that will be expensed by us or realized by the NEOs.

(2) These amounts reflect cash payments under our 2018 CIP, which were earned during the fiscal year identified. A detailed description of the fiscal 2020 payments can be found in the CD&A.

(3) Each of our executive officers received other compensation during fiscal years 2020, 2019, and 2018, in the form of an employer 401(k) match (which is available on the same terms to all employees), and each received travel, meals, and entertainment costs for their family to attend the Company’s sales meeting. The amounts received by each NEO in fiscal year 2020 are enumerated below:

(1) These amounts reflect award opportunities under the 2018 CIP and are described more fully in the CD&A under the heading “Annual Cash Incentive Awards” and subheading “Cash Incentive Awards for Fiscal Year 2020.” Threshold amounts represent minimal level of achievement of the lowest weighted financial performance metric, and maximum amounts represent 200% of target values. Actual payments with respect to the awards for fiscal 2019 (and paid in fiscal 2020) are disclosed in the Non-Equity Incentive Plan Compensation column of the 2020 Summary Compensation Table.

(2) These amounts reflect non-equity award opportunities under our 2012 Employee LTIP, and are more fully described in the CD&A under the heading “Long-Term Incentive Program.” Threshold amounts represent minimal level of achievement of the lowest weighted financial performance metric, and maximum amounts represent 150% of target values. These awards are earned on the third anniversary of the grant date to the extent the Company achieves a performance goal relating to growth in operating income.

(3) These amounts represent the number of shares of restricted stock granted to the NEOs under our 2012 Employee LTIP. Equity awards granted to the executive officers and reflected in the 2020 Grants of Plan-Based Awards Table vest equally over a three-year period, and may be accelerated in limited circumstances as set forth in the Employee LTIP, award agreements, and/or employment agreements.

(4) These amounts reflect the grant date fair value of the restricted stock granted in fiscal year 2020. This represents the aggregate amount that we expected to expense for such grants in accordance with Codification Topic Compensation—Stock Compensation over the grants’ respective service period. These amounts do not necessarily correspond to the actual values that will be expensed by us or realized by the NEOs. Assumptions used in calculating these values with respect to restricted stock awards may be found in Note 13 of our 2020 Annual Report.

### Fiscal Year 2020 Options Exercised and Stock Vested

(1) Market value was computed by multiplying the closing price of our common stock on the day of vesting by the number of shares acquired. Additionally, the restricted stock shares were net-share settled such that the Company withheld shares with value equivalent to the NEO’s minimum statutory tax obligation for the applicable income and other employment taxes, and remitted cash to the appropriate taxing authorities. The amounts in the table represent the gross number of shares and value realized on vesting for each of the NEOs. The net number of shares acquired were: Mr. Marron, 26,508; Ms. Marion, 16,004, and Mr. Raiguel, 4,828.
Employment Agreements, Severance, and Change in Control Provisions

Our incentive plans for and employment agreements with our NEOs reflect our compensation philosophy. In addition to our employment agreements with Mr. Marron and Ms. Marion, which became effective December 12, 2017, we entered into an employment agreement with Mr. Raiguel in conjunction with his promotion to COO, which became effective May 7, 2018.

All of our employment agreements with our NEOs contain “clawback” provisions as required by Dodd-Frank and Sarbanes-Oxley.

In all cases, our NEO’s receipt of severance payments is contingent upon their executing a release, and certifying that they will comply with certain confidentiality, non-competition, and non-solicitation provisions of the employment agreement.

The Company’s employment agreements with its NEOs are intended to comply with IRC Section 409A. The material terms of the employment agreements are described below. Also, pursuant to our 2012 Employee LTIP and standard award agreement, unvested stock issued to any employee will vest upon a “Change in Control,” as defined in the 2012 Employee LTIP.

Mark P. Marron
Chief Executive Officer

- Mr. Marron’s currently effective agreement was entered into on August 1, 2016, and was Amended and Restated on December 12, 2017.

- Mr. Marron’s agreement had an initial termination date of January 31, 2018, however, the agreement contains automatic two-year successive renewal periods unless either party terminates the agreement 60 days prior to the end of the then-current term. As no notice of termination was provided, the expiration date of his agreement is now January 31, 2022.

- In the event of disability, termination without cause, or termination for good reason (all as defined in the agreement), Mr. Marron is entitled to eighteen months of his base salary, in addition to a pro-rated payment under our CIP, to the extent that the Performance Goals have been met, with the payment to be made after the end of the fiscal year at the time the payment would have been made had there been no termination. Additionally, the Company also would be responsible to pay Mr. Marron an amount in cash equal to the cost of premiums the Company paid prior to the date of termination for Mr. Marron and his dependents’ qualified coverage under the Company’s medical, prescription, dental, and other health benefits, for 18 months.

- In the event of termination without cause, or by Mr. Marron for good reason, he is also entitled to, at the Company’s election, either the acceleration of unvested restricted stock, or cash in an amount equal to the value of the stock on the date of termination.

- Mr. Marron’s employment agreement was amended on July 16, 2018, to increase his base salary to $800,000, effective April 1, 2018.

The table below summarizes the potential payments and benefits to Mr. Marron upon the occurrence of certain triggering events. The table assumes a hypothetical effective date of termination of March 31, 2020, and a payment of the target award under the 2018 CIP. The table does not include accrued, unused vacation time, which is paid to all employees upon termination of employment, pursuant to ePlus’ policies.
(1) The Cash Severance column assumes disability. No cash severance is due in the event of death.

(2) In the event of disability, termination without cause or by Mr. Marron for good reason, all as defined in the agreement, Mr. Marron is entitled to a pro-rated amount of the payment under our CIP, to the extent that the Performance Goals have been met, with the payment to be made after the end of the fiscal year at the time the payment would have been made had there been no termination. The above table assumes the target goal is reached but not exceeded.

(3) Pursuant to a Cash Long-Term Incentive Award made pursuant to our 2012 Employee LTIP, in the event the participant’s employment is terminated due to death, death, disability as defined in the 2012 Employee LTIP, or without cause as defined in any applicable employment agreement, the Company shall pay to the Participant, or his or her estate, a pro-rated amount of the target award, based on the number of days elapsed before employment termination, divided by the number of days in the performance period.

(4) Pursuant to the 2012 Employee LTIP, and our standard restricted stock award agreements, upon death or a change in control, as defined by the 2012 Employee LTIP, all unvested stock for all employees will vest. The value of the equity-based compensation awards for all termination tables herein is calculated using the closing price of our common stock ($62.62) on the last business day of our fiscal year, March 31, 2020.

Elaine D. Marion
Chief Financial Officer

- Ms. Marion’s agreement was amended and restated on December 12, 2017.

- Ms. Marion’s agreement had an initial termination date of July 31, 2018, however, the agreement contains automatic one-year successive renewal periods unless either party terminates the agreement 60 days prior to the end of the then-current term. As no notice of termination was provided, the expiration date of her agreement is now July 31, 2021.

- In the event of disability, termination without cause, or termination for good reason (all as defined in the agreement), Ms. Marion is entitled to twelve months of her base salary, in addition to a pro-rated amount of the payment under our CIP. Additionally, the Company would be required to pay to Ms. Marion an amount in cash equal to the cost of premiums the Company paid prior to the date of termination for Ms. Marion and her dependents’ qualified coverage under the Company’s medical, prescription, dental, and other health benefits, for 18 months.

- In the event of termination without cause or by Ms. Marion for good reason, she is also entitled to, at the Company’s election, either the acceleration of unvested restricted stock, or cash in an amount equal to the value of the stock on the date of termination.

- In the event of termination without cause by the Company or for good reason by Ms. Marion, an amount in cash equal to the cost of premiums the Company paid prior to the date of termination for Ms. Marion and her dependents’ qualified coverage under the Company’s medical, prescription, dental, and other health benefits, for 18 months.

- Ms. Marion’s employment agreement was amended on June 8, 2017, to increase her base salary to $450,000.
The table below summarizes the potential payments and benefits to Ms. Marion upon the occurrence of certain triggering events. The table assumes a hypothetical effective date of termination of March 31, 2020, and a payment of the target award under the 2018 CIP. (2) In the event of disability, termination by the Company without cause, or by Mr. Raiguel for good reason, all as defined in the agreement, Mr. Raiguel is entitled to a pro-rated amount of the payment under our CIP. The above table assumes the target goal is reached but not exceeded.

(3) Pursuant to a Cash Long-Term Incentive Award made pursuant to our 2012 Employee LTIP, in the event the participant’s employment is terminated due to death, death, disability as defined in the 2012 Employee LTIP, or without cause as defined in any applicable employment agreement, the Company shall pay to the Participant, or his or her estate, a pro-rated amount of the target award, based on the number of days elapsed before employment termination, divided by the number of days in the performance period.

(4) Pursuant to the 2012 Employee LTIP, and our standard restricted stock award agreements, upon death or a change in control, as defined by the 2012 Employee LTIP, all unvested stock for all employees will vest. The value of the equity-based compensation awards for all termination tables herein is calculated using the closing price of our common stock ($62.62) on the last business day of our fiscal year, March 31, 2020.

**2020 Pay Ratio Disclosure**

Pursuant to Item 402(u) of Regulation S-K, the Company is required to provide annual disclosure of the ratio of the median of the total annual compensation of all employees of the Company (other than Mr. Marron, the Company’s CEO) to the total annual compensation of the principal executive officer, which for ePlus is our CEO, Mr. Marron. The purpose of the required disclosure is to provide a measure of the equitability of pay within the Company. ePlus believes its compensation philosophy and process yield an equitable result and presents such information as follows:

Based on this information, for our 2020 fiscal year, the ratio of the annual total compensation of Mr. Marron to the annual total compensation of our median employee was estimated to be 35.68 to 1. This pay ratio is a reasonable estimate, calculated in a manner consistent with the applicable SEC requirements.

In determining our median employee, a list was prepared of all employees’ compensation as of December 31, 2019. Except as described herein, the list included the full annual compensation of all individuals who were employed throughout the entire 2019 calendar year, and annualized compensation for employees who joined ePlus during 2019. Our employee population, after taking into consideration the adjustments permitted by SEC rules and described below, consisted of approximately 1,460 individuals. There were two groups of employees we did not include in the calculation. First, we did not include any of the 77 employees who joined ePlus during its acquisition of certain assets and liabilities of Innovative Systems & Solutions, Inc., a Virginia corporation d/b/a ABS Technology, which closed on August 23, 2019. Second, we did not include our 58 non-U.S.-based employees, which is less than 5% of our total workforce, and includes 24 employees in the United Kingdom, 33 employees in India, and one employee in Singapore. We selected our median employee from the list of the remaining employees. To identify our median employee, we calculated compensation as the sum of (i) base salary, (ii) commissions, and (iii) equity that vested during the year. Mr. Marron’s compensation was calculated using the same methodology that the Company used to calculate the CEO’s annual total compensation for the 2020 Summary Compensation Table described below.
Once we identified our median employee, we calculated his or her fiscal year 2020 annual total compensation under the Summary Compensation Table rules in a manner that is consistent with the calculation of our CEO’s compensation, without any adjustments or estimates. The SEC requirements for identifying our median employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, apply certain exclusions, and make reasonable estimates and assumptions that reflect their compensation practices. Accordingly, the pay ratio we report may not be comparable to the pay ratio other companies report.

**PROPOSAL 3 – Ratification of the Selection of Deloitte & Touche LLP as our Independent Registered Public Accounting Firm for our Fiscal Year Ending March 31, 2021**

The Board and the Audit Committee recommend that the shareholders ratify the selection of Deloitte as the Company’s independent registered public accounting firm for the fiscal year ending March 31, 2021. Deloitte is currently the Company’s independent registered public accounting firm, and the Audit Committee approved the selection and retention of Deloitte for fiscal year 2021.

Neither the Company’s Bylaws or other governing documents nor the law require shareholder ratification of the selection of Deloitte as the Company’s independent registered accounting firm. As a matter of good corporate practice, however, the Company is submitting the selection of Deloitte to the shareholders for ratification. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether to retain Deloitte. Even if the selection is ratified, the Audit Committee retains discretion to direct the selection of a different independent registered accounting firm at any time if the Audit Committee determines that such a change would be in the best interest of the Company and its shareholders.

Representatives of Deloitte are expected to attend the 2020 Annual Meeting and will have the opportunity to make a statement and respond to appropriate questions.

AUDIT COMMITTEE REPORT

The Audit Committee’s report regarding the Company’s audited consolidated financial statements for the fiscal year ended March 31, 2020 is below. The information contained in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation of this proxy statement by reference.

The Audit Committee has certain duties and powers as described in its written charter adopted by the Board, which is available on the Investors section of the Company’s website at http://www.eplus.com/investors/corporate-governance-legal/committee-charters. The Audit Committee is responsible primarily for assisting the Board in its oversight of the Company’s accounting and financial reporting processes, including audits of the Company’s financial statements and the integrity of its financial statements, determining the independent registered public accounting firm’s qualifications and independence, and evaluating the performance of the Company’s internal audit function and that of the independent registered public accounting firm. The Audit Committee does not itself prepare financial statements or perform audits. All members of the Audit Committee are “independent,” as required by applicable NASDAQ Listing Rules, as currently in effect, and in accordance with SEC rules and regulations, and each such member has the ability to read and understand fundamental financial statements.

Management is responsible for the preparation, presentation, and integrity of the Company’s financial statements; establishment and effectiveness of internal controls over financial reporting; and maintenance of appropriate accounting and financial reporting principles, policies, and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. Deloitte is responsible for planning and carrying out a proper audit of the Company’s annual financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”), expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles, and auditing the effectiveness of internal controls over financial reporting.

In performing its oversight role, the Audit Committee has considered and discussed the audited consolidated financial statements with management and Deloitte. The Audit Committee has discussed with Deloitte the matters required to be discussed by the applicable requirements of the PCAOB. The Audit Committee has received the written disclosures and the letter from Deloitte required by the applicable requirements of the PCAOB regarding the independent auditors’ communications with the Audit Committee concerning independence, and has discussed with Deloitte its independence. Deloitte has free access to the Audit Committee to discuss any matters Deloitte deems appropriate.

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations of management and Deloitte. Accordingly, the Audit Committee’s oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee’s considerations and discussions referred to above do not assure that the audit of the Company’s consolidated financial statements has been carried out in accordance with the auditing standards of the PCAOB, that the consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States, that Deloitte is in fact “independent”, or the effectiveness of the Company’s internal controls.

Based on the reports and discussions, and subject to the limitations on the role and responsibilities of the Audit Committee described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March
31, 2020. This report is provided by the following independent directors, who served on the Audit Committee during the 2020 fiscal year.

FREQUENTLY ASKED QUESTIONS CONCERNING THE 2020 ANNUAL MEETING OF SHAREHOLDERS

Why did I receive these proxy materials?
These proxy materials are first being distributed on or about August 3, 2020, to the Company’s shareholders in connection with our Board’s solicitation of proxies to be voted at the 2020 Annual Meeting on September 15, 2020, at 8:00 am ET, at ePlus’ Corporate Headquarters, 13595 Dulles Technology Drive, Herndon, Virginia, 20171, and any postponement or adjournment thereof. Although we currently plan to meet in person, ePlus will prioritize the health and well-being of our shareholders, directors, and employees in the midst of the COVID-19 outbreak. If appropriate, we may hold our 2020 Annual Meeting virtually over the Internet, at the above date and time, via live audio webcast. If we decide to conduct the 2020 Annual Meeting virtually, we will announce this change through a press release, the filing of additional solicitation material with the SEC, and on our website. We will provide instructions as to how you or your proxy holder may participate, vote, and examine a list of shareholders of record at the virtual 2020 Annual Meeting at that time. This proxy statement describes the matters on which you, as the Company’s shareholder, are entitled to vote. It also includes information that we are required to provide to you under SEC rules and is designed to assist you in voting your shares.

What is the purpose of the 2020 Annual Meeting?
At our 2020 Annual Meeting, shareholders will be asked to vote to (1) elect the eight director nominees named in this proxy statement for a term expiring at the 2021 Annual Meeting of Shareholders; (2) approve, on an advisory basis, the compensation of our NEOs; and (3) ratify the appointment of the Company’s independent registered public accounting firm. See the sections entitled “Proposal 1 – Election of Directors,” “Proposal 2 – Advisory Vote to Approve Named Executive Officer Compensation,” and “Proposal 3 – Ratification of Independent Registered Public Accounting Firm.” The Board does not know of any matters to be brought before the meeting other than as set forth in the Notice of 2020 Annual Meeting of Shareholders.

Who may attend the 2020 Annual Meeting?
Only holders of our common stock as of the close of business on our Record Date, which was July 22, 2020, or their duly appointed proxies, may attend the 2020 Annual Meeting. If you hold your shares through a broker, bank, or other nominee, you will be required to show the notice or voting instructions form you received from your broker, bank, or other nominee, or a copy of the statement (such as a brokerage statement) from your broker, bank, or other nominee reflecting your stock ownership as of our Record Date to be admitted to the 2020 Annual Meeting.

Who may vote at the 2020 Annual Meeting?
Holders of our common stock as of the close of business on the Record Date are entitled to notice of, and to vote at, the 2020 Annual Meeting. As of July 22, 2020, there were 13,553,424 shares of our common stock outstanding, which includes 180,451 unvested restricted shares entitled to vote at the 2020 Annual Meeting, with each share entitled to one vote.

How do I vote at the 2020 Annual Meeting?
Eligible shareholders may vote in one of four ways:

- **By telephone.** Use the toll-free telephone number shown on your Notice or proxy card;
- **Via the Internet.** Visit the Internet website shown on your Notice or proxy card and follow the on-screen instructions;
- **By mail.** Date, sign, and promptly return your proxy card by mail in a postage prepaid envelope; or
- **In person.** Deliver a completed proxy card at the meeting or vote in person.

Voting instructions for eligible shareholders (including instructions for both telephonic and Internet voting) are provided under the heading “Voting Information” of this proxy statement and on the proxy card. The telephone and Internet voting procedures are designed to authenticate shareholder identities, allow shareholders to give voting instructions, and confirm that the shareholders’ instructions have been recorded properly. A control number,
located on the Notice and the proxy card, will identify shareholders and allow them to submit their proxies and confirm that their voting instructions have been properly recorded. Costs associated with telephone and electronic access, such as usage charges from telephone companies and Internet access providers, must be borne by the shareholder. If you submit your proxy by telephone or via the Internet, it will not be necessary to return your proxy card. The deadline for voting by telephone or via the Internet is 11:59 p.m. ET on September 14, 2020.

**What if I do not vote or do not indicate how my shares should be voted on my proxy card?**

If an eligible shareholder does not return a signed proxy card or submit a proxy by telephone or via the Internet, and does not attend the meeting and vote in person, his or her shares will not be voted. Shares of our common stock represented by properly executed proxies received by us or proxies submitted by telephone or via the Internet, and which are not revoked, will be voted at the meeting in accordance with the instructions contained therein.

**If you submit a properly completed proxy but do not indicate how your shares should be voted on a proposal, the shares represented by your proxy will be voted as the Board recommends on such proposal.**

**What if my shares of the Company’s common stock are held for me by a broker?**

If you are the beneficial owner of shares held for you by a broker, your broker must vote those shares in accordance with your instructions. A “broker non-vote” occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or other nominee does not have discretionary voting power for that item and has not received instructions from the beneficial owner.

- **Non-Discretionary Items.** The election of directors (Proposal 1) and the advisory vote to approve Named Executive Officer compensation (Proposal 2) may not be voted on by your broker if it has not received voting instructions.
- **Discretionary Items.** The ratification of Deloitte as the Company’s independent registered public accounting firm (Proposal 3) is a discretionary item. Generally, brokers that do not receive voting instructions from beneficial owners may vote on this proposal in their discretion.

**How can I change my votes or revoke my proxy after I have voted?**

Any proxy signed and returned by a stockholder or submitted by telephone or via the Internet may be revoked or changed at any time before it is exercised at the 2020 Annual Meeting, or any adjournments or postponements thereof, by:

- Mailing written notice of revocation or change to our Corporate Secretary, at ePlus, 13595 Dulles Technology Drive, Herndon, Virginia, 20171;
- Delivering a later-dated proxy (either in writing, by telephone, or via the Internet); or
- Voting in person at the meeting.

Attendance at the meeting will not, in and of itself, constitute revocation of a proxy.

**Will my votes be publicly disclosed?**

No. As a matter of policy, shareholder proxies, ballots, and tabulations that identify individual shareholders are not publicly disclosed and are available only to the inspector of election and certain employees, who are obligated to keep such information confidential.

**Who will count the votes?**

A representative of the Company’s Transfer Agent, Computershare, will serve as the inspector of election for the 2020 Annual Meeting, and will count the votes.

**What if other matters come up during the 2020 Annual Meeting?**

If any other matters properly come before the meeting, including a question of adjourning or postponing the meeting, the persons named in the proxies or their substitutes acting thereunder will have discretion to vote on such matters in accordance with their best judgment.
What constitutes a quorum at the 2020 Annual Meeting?
To constitute a quorum, there must be in attendance or represented by proxy a majority of the voting power of the outstanding capital stock entitled to vote at the 2020 Annual Meeting of Stockholders. A quorum is required to transact business at the 2020 Annual Meeting. Abstentions and broker non-votes count toward the establishment of a quorum.

How many votes are required to approve each matter to be considered at the 2020 Annual Meeting?

Proposal 1: Election of director nominees named in this proxy statement. Each of the eight nominees for director will be elected by a plurality of the shares present in person or by proxy at the 2020 Annual Meeting and entitled to vote on the election of directors, subject to the Company’s director resignation policy should any director not receive a majority of the votes cast. A plurality means that the nominees with the greatest number of votes are elected as directors up to the maximum number of directors to be chosen at the 2020 Annual Meeting. In the election of directors, Proposal 1, you may vote “for” each of the nominees or your vote may be “withheld” with respect to one or more of the nominees. Please note, however, that the Company’s Corporate Governance Guidelines provide that, in an uncontested election (that is, an election where the number of director nominees does not exceed the number of directors to be elected), if any nominee for director does not receive a majority of the votes cast, he or she is expected to tender his or her resignation in writing to the Chairman of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee shall evaluate the resignation tendered and shall make a recommendation to the Board whether to accept or reject the resignation, or whether other actions should be taken. The Board shall act on each such resignation, taking into account the recommendation of the Nominating and Corporate Governance Committee, within 90 days following the certification of the election results. If a director’s resignation is not accepted by the Board, then the director who tendered that resignation will continue to serve on the Board until the 2021 Annual Meeting of Shareholders and until his or her successor is elected and qualified, or until his or her earlier death, unconditional resignation, or removal. In the event of a contested election, director nominees who receive the most votes for the number of seats up for election will be elected. Broker non-votes and abstentions will not be counted as present and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Proposal 2: Advisory vote to approve Named Executive Officer compensation. The affirmative vote of the holders of a majority of the shares entitled to vote on the proposal, present in person or represented by proxy at the meeting, is required to approve on an advisory, non-binding basis the compensation paid to our NEOs. Abstentions will be counted as present and entitled to vote on the proposal and will therefore have the effect of a negative vote. Broker non-votes will not be counted as present and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Proposal 3: Ratification of Deloitte & Touche LLP as the Company’s independent registered public accounting firm. The affirmative vote of the holders of a majority of the shares entitled to vote on the proposal, present in person or represented by proxy at the meeting, is required to ratify Deloitte as the Company’s independent registered public accounting firm for the year ending March 31, 2021. Abstentions will be counted as present and entitled to vote on the proposal and will therefore have the effect of a negative vote. Broker non-votes will not be counted as present and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Who pays to prepare, mail, and solicit the proxies?
The Company will bear the costs of solicitation of proxies for the 2020 Annual Meeting of Shareholders, including preparation, assembly, printing, and mailing of the Notice, this proxy statement, the Annual Report, the proxy card, and any additional information furnished to shareholders. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding any solicitation materials to such beneficial owners. Proxies may be solicited in person or by mail, telephone, or electronic transmission on our behalf by our directors, officers, or employees. However, we do not reimburse or pay additional compensation to our own directors, officers, or other employees for soliciting proxies.

Shareholders have the opportunity to submit proposals for the 2021 Annual Meeting of Shareholders. To be considered for inclusion in the Company’s proxy statement and form of proxy for next year’s Annual Meeting of Shareholders, your shareholder proposal must be submitted in writing by April 5, 2021, to the Corporate Secretary, at ePlus, 13595 Dulles Technology Drive, Herndon, Virginia 20171.
