The enclosed proxy is solicited on behalf of the Board of Directors of ePlus inc., for use at the Special Meeting of Shareholders to be held on Tuesday, November 9, 2021, at 9:00 a.m. Eastern Time (the “Special Meeting”), or at any continuation or adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Special Meeting of Shareholders. This Proxy Statement, the form of proxy and accompanying materials are being first given or sent to shareholders on October 12, 2021. In this proxy statement we refer to ePlus inc., as “ePlus,” the “Company,” “we,” or “us.”

**Record Date, Stock Ownership and Voting**

Only shareholders of record at the close of business on October 4, 2021 (the “Record Date”), are entitled to receive notice of and to vote at the Special Meeting. At the close of business on the Record Date, there were outstanding and entitled to vote 13,508,860 shares of common stock, par value $.01 per share (“Common Stock”). Each shareholder is entitled to one vote for each share of Common Stock.

A majority of the shares of Common Stock outstanding and entitled to vote is required to be present or represented by proxy at the Special Meeting in order to constitute the quorum necessary to take action at the Special Meeting. Votes cast by proxy or in person at the Special Meeting will be tabulated by the inspector of elections appointed for the Special Meeting. The inspector of elections will treat abstentions as shares of Common Stock that are present and entitled to vote for purposes of determining a quorum. Shares of Common Stock held of record by brokers who do not return a signed and dated proxy or do not comply with the voting instructions will not be considered present at the Special Meeting, will not be counted towards a quorum and will not be voted on any proposal. Shares of Common Stock held of record by brokers who comply with the voting instructions but who fail to vote on a proposal (“broker non-votes”) will be considered present at the Special Meeting and will count toward the quorum but will be deemed not to have voted on such proposal.

An affirmative vote of a majority of the outstanding shares of Common Stock entitled to vote thereon will be necessary to approve the amendment to the Company’s Amended and Restated Certificate of Incorporation to increase the number of authorized shares of capital stock to 52,000,000 shares, consisting of 50,000,000 shares of Common Stock and 2,000,000 shares of Preferred Stock. **Any shares not voted (whether by abstention, broker non-vote or otherwise) will have the same effect as a vote against this proposal. Accordingly, it is important that beneficial owners instruct their brokers how they wish to vote their shares on this proposal.**

We do not intend to submit any other proposals to the shareholders at the Special Meeting. The Board of Directors was not aware, a reasonable time before mailing of this proxy statement to shareholders, of any other business that may properly be presented for action at the Special Meeting. If any other business should properly come before the Special Meeting, shares represented by all proxies received by us will be voted with respect thereto in accordance with the best judgment of the persons named as attorneys in the proxies.

PROPOSAL NO. 1 – APPROVAL OF AN AMENDMENT TO THE COMPANY’S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Our Amended and Restated Certificate of Incorporation, as amended to date, currently authorizes the issuance of 27,000,000 shares of capital stock, consisting of 25,000,000 shares of Common Stock, par value $.01 per share, and 2,000,000 shares of Preferred Stock, par value $.01 per share.

We have proposed to increase the authorized shares of Common Stock from 25,000,000 shares of Common Stock to 50,000,000 shares of Common Stock (the “Charter Amendment”). In addition, to effect this change, the total number of shares of capital stock authorized in the Amended and Restated Certificate of Incorporation, as amended, would increase from 27,000,000 to 52,000,000.

On September 27, 2021, our Board of Directors voted unanimously to recommend to the stockholders that the Amended and Restated Certificate of Incorporation, be amended to increase the number of shares of Common Stock authorized for issuance by 25,000,000. Under Delaware corporate law, we are required to obtain approval from shareholders to amend the Company’s Amended and Restated Certificate of Incorporation to increase the number of shares of Common Stock authorized for issuance. If the Charter Amendment is approved by the shareholders at the Special Meeting, the Charter Amendment will be effective upon the filing of a certificate of amendment setting forth such amendment with the Secretary of State of the State of Delaware (or at such later time as may be specified therein), which filing is expected to occur promptly after the Special Meeting. The full text of the form of the Charter Amendment, which would replace Article FOURTH of the Company’s Amended and Restated Certificate of Incorporation in its entirety, is attached as Appendix A to this proxy statement.

As of October 4, 2021, none of the 2,000,000 currently authorized shares of Preferred Stock are issued or outstanding.

Purpose of the Amendment

Our Amended and Restated Certificate of Incorporation currently authorizes us to issue up to 27,000,000 shares of capital stock, consisting of 25,000,000 shares of Common Stock and 2,000,000 shares of Preferred Stock. As of the Record Date, we had a total of approximately 13,508,860 shares of Common Stock outstanding, and approximately 1,609,639 additional shares of common stock reserved for issuance pursuant to our 2021 Employee Long-Term Incentive Plan and our 2017 Non-Employee Director Long-Term Incentive Plans (collectively, “our existing LTIPs”). As a result, on the Record Date, we had approximately 9,881,501 shares of Common Stock available for future issuance in excess of the outstanding Common Stock, our future obligations to issue Common Stock, and other shares of Common Stock that we had reserved under our existing LTIPs.

In light of the recent historical trading price of the Company’s Common Stock, the Company has contemplated whether a stock split of the Company’s Common Stock in the form of a stock dividend may be appropriate. However, without an increase in our authorized shares, there would likely not be enough authorized shares of Common Stock to effect a meaningful split of our Common Stock. The decision by the Board of Directors whether to approve a stock split in the form of a stock dividend will depend upon various factors including, but not limited to, the then-current trading price of the Company’s Common Stock, our financial condition including shareholders’ equity and results of operations, capital requirements, domestic and international market conditions, and general economic conditions, and any other factors deemed relevant by our Board. Even if the proposal to amend the Amended and Restated Certificate of Incorporation to increase the authorized Common Stock is approved by shareholders at the Special Meeting, the Board of Directors may, in its discretion, determine to not approve a stock split of the Company’s Common Stock in the near future, or at all, based on the factors identified above or otherwise.
In addition to having sufficient authorized shares to effect a potential stock split, the Board of Directors believes that it is important to have available for issuance a number of authorized shares of Common Stock that will be adequate to provide for future stock issuances to meet future corporate needs. The additional authorized shares would also be available for issuance from time to time in the discretion of the Board of Directors, without further shareholder action except as may be required for a particular transaction by law or the rules and regulations of the Nasdaq Stock Market. The shares of Common Stock would be issuable for any proper corporate purpose, including future acquisitions, capital raising transactions consisting of either equity or convertible debt, stock dividends, stock splits, or issuances under current and future stock plans. The Board of Directors believes that these additional shares will provide us with needed flexibility to issue shares in the future without potential expense and delay associated with obtaining shareholder approval for a particular issuance. Except to the extent of our existing obligations on the date of mailing of this proxy statement and the potential stock split discussed above, we do not currently have any plans, understandings or agreements for the issuance or use of the additional shares of Common Stock to be approved under this proposal.

**Certain Risks Associated with the Charter Amendment**

There can be no assurance that the market price per share of our Common Stock after the Charter Amendment will remain constant in proportion to the increase in the number of shares of our Common Stock outstanding before the Charter Amendment.

The market price of our Common Stock will also be based on our performance and other factors, some of which are unrelated to the number of shares outstanding. These factors include the status of the market for our Common Stock at the time, our reported results of operations in future periods, and general economic, market and industry conditions. Accordingly, the market price of our Common Stock may not be sustainable at the direct arithmetic result of the Charter Amendment.

**Rights of Additional Authorized Shares**

The authorization of additional shares of Common Stock will not, by itself, have any effect on the rights of present shareholders. Any authorized shares of Common Stock, if and when issued, would be part of the Company’s existing class of Common Stock and would have the same rights and privileges as the shares of Common Stock currently outstanding. Current shareholders do not have pre-emptive rights with respect to Common Stock, except for those granted contractually, nor do they have cumulative voting rights. Should the Board of Directors issue additional shares of Common Stock, existing shareholders, other than those with contractual pre-emptive rights, would not have any preferential rights to purchase any of such shares, and their percentage ownership of the Company’s then outstanding Common Stock could be reduced.

**Potential Adverse Effects of Amendment**

Future issuances of Common Stock could have a dilutive effect on the Company’s earnings per share, book value per share and the voting power and interest of current shareholders. In addition, the availability of additional shares of Common Stock for issuance could, under certain circumstances, discourage or make more difficult any efforts to obtain control of the Company or inhibit the removal of incumbent management. For example, the issuance of the newly authorized shares of Common Stock could be used to deter or prevent a change of control through dilution of stock ownership of persons seeking to take control or by rendering a transaction proposed by such persons more costly. However, the Board of Directors is not aware of any third-party attempts to assume control of the Company and has not presented this Proposal No. 1 with the intent that it be utilized as an anti-takeover device or to inhibit the removal of incumbent management.

**Interests of Certain Persons in the Proposal**

Certain of our officers and directors have an interest in the proposal as a result of their ownership of shares of our Common Stock. However, we do not believe that our officers or directors have interests in the proposal that are different from or greater than those of any of our other shareholders.
**Stock Incentive Plans**

Upon completion of the Charter Amendment and to the extent the Board of Directors were to authorize a stock split, the number of shares of our Common Stock subject to our existing LTIPs, as well as the number of shares subject to outstanding awards shall be likewise adjusted.

**Accounting Matters**

The Charter Amendment will not affect the par value per share of Common Stock. The stockholders’ equity will also remain unchanged. Our authorized Common Stock on the balance sheet will increase to 50,000,000.

**Effectiveness of Amendment**

If the proposed amendment is adopted, it will become effective upon the filing of a certificate of amendment to our Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware, which the Company expects to file promptly after the Special Meeting. If the proposed amendment is not approved by the Company’s shareholders, the number of authorized shares of Common Stock will remain unchanged.

**Required Vote**

The affirmative vote of the majority of the outstanding shares of Common Stock entitled to vote thereon will be necessary to approve the amendment to the Company’s Amended and Restated Certificate of Incorporation to increase the number of authorized shares of capital stock to 52,000,000 shares, consisting of 50,000,000 shares of Common Stock and 2,000,000 shares of Preferred Stock. Any shares not voted (whether by abstention, broker non-vote or otherwise) will have the same effect as a vote against this proposal. Accordingly, it is important that beneficial owners instruct their brokers how they wish to vote their shares on this proposal.

STOCK OWNERSHIP

Ownership of our Common Stock

The following tables show information regarding the beneficial ownership of our common stock by:

- each member of our Board of Directors, and each of our named executive officers ("NEO");
- all members of our Board and our executive officers as a group; and
- each person or group who is known by us to own beneficially more than 5% of our common stock.

Beneficial ownership of shares is determined under the SEC’s rules and generally includes any shares over which a person exercises sole or shared voting or investment power. Shares of restricted stock that have not vested as of our Record Date are deemed outstanding and beneficially owned by the person and any group of which that person is a member because such holder has voting rights with respect to those shares. Except as footnoted below, and subject to community property laws where applicable, we believe based on the information provided to us that the persons and entities named in the following table have sole voting and investment power with respect to all shares of our common stock shown as beneficially owned by them.

The percentages of beneficial ownership were calculated on the basis of 13,508,860 shares of common stock outstanding which includes 173,148 unvested restricted shares, which have voting rights, as of the dates indicated below.

FORM OF CERTIFICATE OF AMENDMENT
TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

STATE OF DELAWARE
CERTIFICATE OF AMENDMENT
OF CERTIFICATE OF INCORPORATION

The corporation organized and existing under and by virtue of the General Corporation Law of the State of Delaware does hereby certify:

FIRST: That at a meeting of the Board of Directors of ePlus inc., resolutions were duly adopted setting forth a proposed amendment of the Certificate of Incorporation of said corporation, declaring said amendment to be advisable and calling a meeting of the stockholders of said corporation for consideration thereof. The resolution setting forth the proposed amendment is as follows:

RESOLVED, that the Certificate of Incorporation of this corporation be amended by changing the Article thereof numbered "FOURTH" so that, as amended, said Article shall be and read as follows:

The total number of shares of all classes of stock which the Corporation shall have authority to issue is fifty-two million ($2,000,000) shares consisting of fifty 50 million (50,000,000) shares of common stock having a par value of $.01 per share (the “Common Stock”) and two million (2,000,000) shares of preferred stock having a par value of $.01 per share (the “Preferred Stock”).
