

# Looking for a Unique View?

When it comes to managing IT, perspective is critical to understand the *big picture*...

and have the flexibility to take a closer look at the **small details**. All to realize the **greatest impact** from your investments.

ePlus brings a **clear vantage point** and a unique **outcomes-focused** perspective –

allowing you to see both the **forest and the trees**.

You can rely on our **deep and broad services expertise** across thousands of customers and multiple industries. Together, we can help you:

**Strategize for more agility**  
through assessments, workshops, and virtual/technical/business consulting

An international health organization leveraged the ePlus Cloud Usage and Risk assessment to implement a cloud security program—better understanding their current cloud situation and providing a solution to strengthen their security posture

A leading children's hospital relied on ePlus to build a secure remote access and disaster recovery enablement environment to support virtual desktop workloads and shore up recovery capabilities—enabling their essential workforce while bolstering data protection

**Architect for better outcomes**  
through Professional Services to optimize your deployments across security, cloud/data center, networking, collaboration, and more

**Accelerate for faster ROI**  
through technology workshops, technical training, and AI/ML/DL training

A national music retailer spun up ePlus-led technical training on Cisco Intersight to ascertain visibility, system management, scaling, and data consumption benefits—helping them make an informed decision to select and configure across powerful M4 and M5 blades hosting critical ERP and POC applications

ePlus delivered technical support for 18,000 users across North America for an equipment and tool rental company along with managed network and voice infrastructure services for 800+ sites—improving overall IT operations and customer service with faster issue resolution

**Optimize for greater resiliency**  
through Managed Services, Strategic Technology Staffing, and On-Demand Support Services

**When Perspective Means Everything...**  
choosing the right partner is key to fueling your success.

*ePlus brings the insightful strategies and innovative solutions you need to elevate your business and achieve your ultimate IT vision: **a more modern, secure digital business.***
